LinkedIn   Portfolio   caeserlondon@gmail.com   github.com/caeserlondon   London

Experienced and dedicated British Software Engineer with a strong passion for delivering exceptional business value through the utilisation of JavaScript, TypeScript, React, Next, and associated technologies. Demonstrated expertise in employing professional software engineering best practices within multifunctional teams, including adherence to coding standards and conducting comprehensive design reviews. Possesses a versatile, cross-technology mindset that enables the adoption of productive approaches to tackle complex technical challenges, unbounded by the limitations of a single technology.

Key Technologies: JavaScript ES6+, TypeScript, Ruby, React, Node, Next, MERN, Express, Bootstrap, Material UI, jQuery, HTML, CSS, RESTful API, GraphQL.
Databases: MongoDB, SQL, PostgreSQL, Firebase.
Version Control: Git, GitHub, GitLab.   Cloud Services: AWS, S3, IAM.   Testing: Jest, R.Spec.
Design Tools: Figma, Adobe Photoshop & Adobe InDesign.
Languages: English (Fluent), Russian (Fluent), Arabic (Fluent)

WORK EXPERIENCE

Software Engineer - Contractor -   BBC - London UK   (Jan 2023 - May 2023)

- Collaborated with a team of developers to optimise the company's website for improved user experience and performance.
- Implemented rigorous testing and optimization techniques to enhance ease of use and website speed.
- Successfully converted the code base from JavaScript to TypeScript, improving code quality and maintainability.
- Worked on AWS, IAM and RAG Dashboard projects, contributing to the development and maintenance of key features.
- Increased test coverage to 90% using Jest with snapshot testing and react testing library.

Front-end Web Developer - Contract Freelance - London UK   (Apr 2022 - Dec 2022)

- Undertook multiple short-term contracts as a front-end web developer, leveraging my skills in React, Next, HTML, CSS, and JavaScript .
- Collaborated with clients to understand their requirements and translate them into visually appealing and user-friendly websites.
- Developed responsive and accessible web interfaces, ensuring compatibility across different browsers and devices.

Junior Web Developer - QMQ Real Estate Inc. - London UK   (Jul 2019 - Jul 2021)

- Played a key role in implementing visual elements and interactive features on the company's website.
- Assisted the web development team with various tasks, including website and application design, development, and maintenance.
- Contributed to the creation of the user interface and improved the overall user experience of the website.

Manager - Carfoosh Restaurant - Dubai UAE   (Mar 2016 - Jul 2019)

- Successfully managed two high-paced restaurants, providing exceptional service to over 500 customers daily.
- Implemented effective budget management strategies, resulting in a 10% reduction in operational costs.
- Strengthened merchandising and promotional efforts, increasing customer engagement and boosting sales.

Property Manager - Freelance   London UK   (2012 - 2016)

- Collaborated with property owners to develop and execute marketing initiatives, business plans, and tenant outreach programs.
- Managed and expanded the property portfolio for high-net-worth Saudi families, ensuring optimal occupancy rates and tenant satisfaction.
- Oversaw the procurement of building services by preparing specifications, soliciting bids, and approving subcontractors.
